

Summer Care Media Release

GRM policy defines a student's photograph as "Student Directory Information." Thus, public information unless you provide the appropriate notification to GRM that you would not like this information to be public. If your child's information is public, for example, your child's photo and name may appear in pictures and classroom publications. Also, should your child or GRM receive a public honor or recognition, GRM would provide your child's picture to the honoring organization and/or media upon request.

In addition, GRM asks for your consent for the following purposes: **(Please initial all that you consent for.)**

- During summer-care, the media may visit GRM, with GRM permission and parents notified in advance, to cover special events and may want to interview, videotape, or photograph your child. _____
- GRM may wish to use photographs, voice, likeness or child work for promotional and educational reasons, such as in publications, posters, brochures, newsletters, and videos; on the school websites; on local cable television channels; or at community events (e.g. expos or fundraisers). _____
- GRM does have a presence in social media to keep parents and the community informed about the school and upcoming events and may use your child's photograph, videotape, or special projects on their school Facebook page or website. _____
